

THE EAGLE

(A NEWSLETTER OF ONA)

VOL 1 NO. 2

(For Private Circulation)

JAN. 1998

ROUSER

The over-whelming, enthusiastic response of ONs to the Inaugural Issue best indicates their strong emotional ties with their Alma Mater. The Eagle's success reminds us of Mr. K.S. Nijjar's (Ex Maths) golden words "Well begun is half done". The Eagle has been given an excellent launch by the ONs. To keep it ever soaring, we again request ONs to liberally contribute both in terms of money and by responses, including Bio-datas and fellow ONs addresses.

Brig. Jodhbir Singh Sandhu (R.7) made the quickest telephonic response. Dr. Kulwinder Singh Sangha (B-371) the fastest postal response. The longest distance telephone call (from New York) came from Sanjay David (R-639) and the biggest cheque from Ravinder Singh Chattha (J-271).

Your Editor after the first issue derives the same satisfaction as the School Food-Master surveying the Dining Hall and seeing a well cooked meal voraciously being devoured by Nabhaites.

For These and All Thy Mercies We Thank Thee O'lord

Ashwani Aggarwal (J-188) 74 Batch

THE EAGLE

LETTER AND SPIRIT OF ONA.

Old Nabhaite Association (ONA) is as old as the pioneer batch (1964). It was resolved in the first meeting that old students of PPS would be called Old Nabhaite and their association, Old Nabhaite Association (ONA). In the initial years, ONA activity was limited to an annual ONA Day, one day prior to the Founders' Day, consisting of a friendly match and a dinner, ONs kept in touch with each other through the Chronicle. By the early 1980s, the ONA family had grown sizably and many ONs had settled down to their chosen vocations. Initiative was taken by **Dr. Jashanjot Singh** (S-52) to develop ONA into a closely knit and vibrant organisation.

He collected addresses of ONs from Bursar's last bill mailing addresses and the first 'Eagle' was launched. What galvanised every body was when ONs learnt that our founder Head-master, **Mr. J.K. Kate** had developed a serious heart trouble necessitating immediate surgery possible only in the U.S.A. It was well known that **Mr. Kate** had devoted his entire life in the selfless pursuit of creating Institutions and better students and personal funds would be a constraint in his treatment.

ONA rose to the occasion displaying its newly attained strength and maturity. Repaying their benefactor in the manner he had always functioned, ONs went on a massive collective fund raising drive.

Baljit Mohil (J-128) made arrangements with Air India for travel, **Jaspal Chatha** (R-89) kept an ambulance ready at the New York Airport where **Mr. Kate** had to change planes enroute Milwaukee. **Darshan Dhaliwal** (Ex-Sutlej of Rakhra) received **Mr. Kate** at Milwaukee and looked after him through out his stay.

The entire ONA fraternity can justifiably feel proud of this unprecedented spontaneous collective display of gratitude, affection and respect towards their Founder Head-master.

Nothing portrays this glorious spirit of ONA better than the letter written to **Dr. Jashanjot** by **Vilas Kate** (Ex. Sutlej) after **Mr. Kate's** death. We reprint the same.

29 Sept 90

My dear **Jashanjot**,

We thank you most sincerely for your sympathies and condolences in our bereavement. I had wanted to write to you but did not have your address. I was in Delhi last week and met **Shalindra, Vinod Kashyap, Satish Jain, Mitinder Sethi, Pradeep Gupta** and they told me about your address but by then I had already received your letter.

I was keen on writing to you specially because as my father's son I wanted to thank you for all that you did for my father in 1982 during his Bye Pass surgery. **It was because of the Old Boys that I could spend the extra 7 Years with my father.**

Thanking you once again

Yours affly.

Vilas Kate

To institutionalise this tremendous spirit and energy of brotherhood and dedication, ONA was, formally registered and its objectives codified. These objectives, as enshrined in the Memorandum of Association, are given below.

AIMS AND OBJECTIVES

The main purpose of this association is to know each other in life and to keep all Old Nabhaites in constant touch with each other, to help each other and the School, so that all those associated with P.P. S. shall remain closely knit and involved with each other, like a family.

The aims and objectives of the O.N.A. can be summarised as following:-

1. To keep the Old Nabhaites closely knit and in constant touch with each other by bringing out a directory, holding meetings, cultural programmes, conducting dinners and get together etc.

2. To keep the family spirit of the school community going strong even after passing out.

3. To help the Old Nabhaites who are in distress. (Those in distress will be decided by the board of Executive)

4. O.N.A. News letters.

5. Badges, neckties-mementos etc.

6. To help the development of school and to develop the cause of education.

7. To help the needy students in the school. The needy students will be identified by the House Masters and the Head-Master, (Subject to the decision of Executive Committee).

8. Cultural activities.

9. To encourage talent among the Youth.

10. Directory of Old Boys / Girls. ONA COMPLEX

ONA COMPLEX

There are thousands of Old Nabhaites and all of us share a common bond, that is, we all spent some of the best years of our lives in PPS. Many of us are well settled. Time has come when we should repay our Alma Mater. In other words we give something back to our school for its upliftment so that it can continue to turn out good products.

The Headmaster has chalked out an area of about an acre on the school grounds for ONA to build a complex useful to school. This is a challenge to all of us Old Nabhaites to come forward and do our bit for the school.

Since this project involves the entire ONA and it is your money that will go into this complex, I as President of ONA invite responses from all Old Nabhaites on following points.

1). What in your opinion should be built in this complex which can be of use to students of the PPS?

The current favourite seems to be a set of squash courts to start with which can later form part of an indoor sports complex or Gymnasium.

2). Since you all as part of ONA are Promoters of this complex how would you like to go about raising the necessary funds.

3). To take decisions regarding the complex I am forming a committee which will also function as executive committee of the ONA. I would like each Chapter to nominate two members to this committee, one each from the different wings of the Defence Services, one lady member and one Ex-staff member. (This is in keeping with the original constitution of the ONA). It will ensure wider representation and democratic functioning of the ONA.

Please send nominations of your Chapter as soon as possible.

VINOD KASHYAP(J-63),
PRESIDENT, ONA.

YOURS NABHAITELY

Dr. K.S Sangha (B-371) writes "The Eagle was so good that I read it over more than once. It rings up nostalgic memories of the golden years gone by".

R.S. Chattha (J-271) wishes all ONs a very Happy Diwali, 'finds great going thru "The Eagle" and offers any body (ONs) visiting Calcutta can always contact me'

Dr. Deepak Gupta (B-727) would contribute articles to the Eagle after he is through with his Post Graduation Entrance Exam.

Gurvinder S. Saggu "Century" (S-179) writes "As time clicks by, the feelings to-wards our glorious past in the PPS becomes stronger and so does the desire to be in touch with old colleagues, with whom we spent seven most wonderful years of our lives.

Gurpurab Greetings to ONs from **Dr. Sarabjit Singh** (B-187). **Shabina**. feels "that the Eagle will serve as a new chapter in the history of ONA. After reading abouts ONs, I felt proud to be a student of the school whose products have

reached to such high ranks. The Eagle reminds us of the glorious past, the most memorable days spent in the prestigious school of ours. All the golden days spent in school flashed in our memories."

Mukesh Garg (J-482) wants addresses of colleagues **Sanjay Goyal** (J-552), **Navtej Singh** (J-491) **Niyaz Ahmed** and **Hardiyal Singh**.

New Year Greetings to the entire ONA Community from **Lt. Col Kulbhushan Singh** (R-82) and **Lt. Col Bhupinder Singh Grewal**. (S-50).

Dr. Preetam Singh (J-242) was happy to receive "The Eagle" Finally, I got the address of Mr. V.N. Bhave who was my House Master and who had a tremendous impact in shaping my career."

Brig. Sureshwar Tiwari writes "After a long time it (The Eagle) made me feel that I am back in the folds of PPS environment. I do go to the school quite often and discuss with the Headmaster points relating to ONA and the students. I liked the note about Mr. Cowell and Voltas. God bless his Soul, He was a great personality and an institution by himself. I was one of the few whose name never cropped up in his diary. I still continue to be a disciplined soul".

Jaideep Singh Sekhon (S-19) writes "old memories of my days at Nabha came back very vividly. It was also very heartening to know that some of the ONs are climbing new heights and doing well. I wish them all the best."

Commander Mitinder Singh Sethi IN (Retd) (J-131) writes "it was a great occasion to see that ONs were doing so well. A large number of them Brigadiers and, of course, **Jaggi Bedi** (My first House Prefect) as an Admiral. I was president of Delhi Old Nabhaities Association in 1990. Also would love to meet and interact with ONs, students past and present as well as teachers.

Rear Admiral J.S. Bedi VSM (J-3) writes "Three and a Half decades appear to be a fairly long time, yet memories of the Alma Mater are still very fresh in my mind. I for one,

may be accused of not having taken too active an interest in the affairs of the ONA. Primarily this stems from the fact that very few of us ventured out to "Sea". A majority of our School mates took on jobs either in the Army or are well entrenched in civilian jobs in the interior of the country. Therefore, the linkages to remain in touch with the ONA were rather weak. However, I was pleasantly surprised to note that you all have kept a very effective track of us "wanderers". It gives me great pleasure to note that there is still a dedicated lot of ex-school boys who are actively devoting their time for the betterment of the school and keeping others, who had the privilege to study there, informed of the ONA activities. I am presently posted at Naval HQ and would be too glad to provide any help or assistance to any body from the School."

Akshay Bansal (J-436) is very much impressed by "your urge to bring constant information in the magazine about ONA."

Satinder Sampuran Singh Grewal B-86 (Giant) writes "I have come back to India after about 25 years in Canada. There I met **Harkirtan**, (Ex-Sutlej) my class mate and **Jaideep Sekhon**(Ex- Sutlej). Here, in Ludhiana I recently

met **Ravinder Chopra** (Ex-Ravi) It was nice to meet them all and I would like to continue this friendship and I think "The Eagle" is the best way."

Lt. Col. Baljit Singh (J-122) feels a directory of addresses be published every year or every alternative year which may be given to those interested ONs who want it, on payment,

Capt. Arvinder Paul Jit Singh Gill (R-437) "writes any body can correspond with me. If I could be of any help to any body from ON family it would be a pleasure. He feels "The Eagle is doing a great job of promoting the feeling of brother hood and belonging amongst the Nabhaites. **I sincerely feel that for a great gesture even a subscription or Rs 100/-per year could not be asking too much for a cause."**

Lt Col. Somvir S. Mundalia(R-187) writes that despite reading the Chronicle there was a void as far as inputs about ONs was concerned and there was requirement to have a News letter exclusively for ONs. The first Issue it self has given us encouraging inputs to feel proud of our Alma Mater and I am sure with each issue we will get more and more info about own dear ones'.

WHILE WE WERE BOYS IN SCHOOL

Chemical Warfare

Machhar (i.e. Editor) was one year senior but was in our dormitory because he was a bit too tiny. Once, he smuggled a chemical from the chemistry lab to show us magic. He put the chemical in water and the reaction was a bit of sound and sparklings. We were all very thrilled. But things over turned when **Machhar** put a big lump of the same to show us a better reaction which did not take place. With the expectant juniors looking closely into the magic bowl, it seems that the Magician **Machhar** had failed. Suddenly, there was a big 'B.O.O.M.' and all the boys were hurt with the reaction of the acid '**Abhay Jaiswal** (Kalu)

was holding his eyes and saying' I have gone blind. I can't see. "There was panic and we thought **Machhar** was responsible for Kalu's getting blind. We were lucky that it hit just above his eyes and it was a close shave. Till today, **Abhay** has the scars on his face and we really have a good laugh when we remember this episode (Contributed by **Ravinder S. Chattha**, (J-271)

The Editor adds that the chemical he smuggled from the lab was sodium after freshly learning its volatile and jumping characteristics. After the blast, he literally was shivering in his boots as his House-Master was the Head of the Chemistry Deptt. He felt certain that he would be

sent packing home. But the Nabhaite spirit saved the day and the incident was kept under wraps. No one squealed.

Seeing Yellow

The culinary shock received by many fresh students of Junior School, hailing from rustic rural and semi urban areas was when they were served custard. Perplexed they would exclaim "Arrey, How Strange! Instead of being salty the Karhi is tasting sweet or Woh. instead of pakoras, they have put chopped bananas in Karhi."

A.S. Minhas (Ex Ravi) 324/22-A, Chandigarh has identified him-self as the **Fatso** in the incident "Mr. Kate Selects Pushback Chairs' (Inaugural Issue)

Mr. S.C. Cowell, the Senior Master and English teacher frequently emphasised that his name's initials S.C.C. did not denote Samuel Collins Cowell but Short, Clear and Concise. A remarkable way of conveying to his students the essence of learning English language.

For Adults Only

Rajiv Nagar(J-63),presently doing business in Ludhiana belongs to to the famous Nagar Family of Nabha.His forefathers had migrated from Gujrat and landed up in Nabha and in the sevice of the Maharaja of Nabha.Rajiv was ,and is,quite a personality.He had his naughtiness well camouflaged by an innocent looking face.(Even after 30 years these attributes are still there).

One day during holidays at home at Nabha,he was seen watching an adult film in the local Cinema Hall by Mr.MN

Tankha(Ex-Geography Teacher and later Principal,Assam Rifles Public School at Shillong).This act of **Rajiv** in those days was considered a blasphemy in school.The teachers were really concerned as to how an adult film would affect the young minds of a child.(by today's MTV standards films of those days would have walked away with Universal certificate).**Mr.Tankha** did his duty by reporting this serious lapse in discipline of a PPS boy to **Mr.SC Cowell**,the Senior Master.**Mr.Cowell** would not wait for the holidays to end.He threw all his weight (which was quite a lot) into a rickshaw and headed for Nagar's Family Home.There after pleasantries over a cup of tea **Rajiv Nagar** had a conversation with the strict Senior Master which went something like this,

"Rajiv you went to see a movie".

"Yes sir".

"Was it an adult movie".

"Yes sir".

"Why?"

"Sir,I came to know it was an adult movie only when the titles came on the screen."

Rajiv was at his innocent best.

"Oh!! Did you enjoy it?"

"Well, Yes sir".

"Good,next time make sure it is not an adult movie before you enter the Cinema hall."

Mr.Cowell ordred the waiting rickshaw back to school.
